EUROPEAN COMMISSION

HORIZON 2020

LC-MG-1-4-2018

Grant agreement ID: 814951

Deliverable No.	D6.3
Deliverable Title	Dissemination Report (mid-term)
Issue Date	25/03/2022
Dissemination level	Public
Main Author(s)	Ilias Vouitsis (LAT/AUTh) Dimitrios Kontses (LAT/AUTh)
Version	V2.0

## DIAS Consortium

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 814951.

This document reflects only the author's view and the Agency is not responsible for any use that may be made of the information it contains.

## Executive summary

The purpose of this deliverable is to present a report of the communications and dissemination activities that have been conducted within M1-M18 of DIAS project duration, with the aim of maximising the impact of the project and positioning it among different stakeholders such as industry, research and academic community, media and general public.

The mid-term Dissemination Report gives an overview of all dissemination actions of the DIAS project through traditional communication channels such as events/conferences, project publications, social media posts and project presentations (to various stakeholders and the general public). Visibility and social media engagement data are also provided in this document.

The DIAS consortium participated in a total of 6 events and made 6 presentations about the project reaching an estimated audience of more than 1000 people. Moreover, the DIAS consortium organised a hackathon where participants came up with creative technical ideas to find attack vectors that can be exploited to make tampering business out of them.

Furthermore, the website has been updated to offer content according to the current status and progress of the project. Moreover, social media account (Twitter) have been essential to engage with stakeholders and share the latest updates about DIAS project. Until now we have reached 14 posts, 20 shares/Retweets, and 64 followers.
